Date: **24.12.2024**

To
**The Inspector General of Forests (C),
Ministry of Environment, Forest and Climate Change,
Integrated Regional Office, Vijayawada Green House Complex,
Gopala Reddy Road, Vijayawada,
Andhra Pradesh – 520010,**

Sub: Pinnapuram Integrated RESP-Storage Project (1200 MW) in Tehsil Nandyal, District Kurnool (Andhra Pradesh) implemented by M/s Greenko AP01 IREP Pvt. Ltd - Submission of Half Yearly Compliance Report for the period April 2024 – September 2024 -reg

Ref: Environmental clearance vide MOEF&CC Letter No. J-12011/12/2018- IA.I.(R) Dated: 14-06-2020 and its Amendment Letter No: J-12011/12/2018- IA.I.(R) Dated: 13-02-2023.

Dear Sir,

Environmental clearance was accorded to Pinnapuram Integrated RESP-Storage Project (1200 MW). With reference to the above-cited letter, we are herewith submitting the half-yearly EC compliance report for the period from **April 2024 – September 2024 (01st Dec 2024)** as per the EIA notification of 2006.

Thanking You
Yours Sincerely
For **Greenko AP01 IREP Private Limited.**

Authorized Signatory

**HALF YEARLY COMPLIANCE TO THE CONDITIONS
STIPULATED IN ENVIRONMENTAL CLEARANCE ISSUED
BY MOEF&CC**

**VIDE ORDER NO. J-12011/12/2018-IA-I (R)
Dated: 14th July, 2020 & TRANSFER OF ENVIRONMENTAL
CLEARANCE (AMENDMENT) Dated: 13th February, 2023.**

Period: Apr 2024 to Sep 2024

(1st Dec 2024)

By

GREENKO AP01 IREP PRIVATE LIMITED
(STANDALONE PUMPED STORAGE COMPONENT
(1200 MW) OF PINNAPURAM INTEGRATED
RENEWABLE ENERGY
PROJECT)

*Pinnapuram village, Nandyal Tehsil,
Kurnool District, Andhra Pradesh.*

1. INTRODUCTION

Pinnapuram IREP has been conceived as integrated project with solar, wind and pumped storage components. GoAP has approved the project with 1000 MW Solar, 550 MW Wind & 1200 MW of Standalone Pumped Storage capacities to be developed in Phase I. All three components of Pinnapuram IREP are in close vicinity of each other and therefore power from all three components will be pooled into common pooling station and will be connected to PGCIL/CTU sub-station at Orvakallu for further supply into the National Grid. Proposed Standalone Pumped Storage Project (1200MW) is a part of Pinnapuram Integrated Renewable Energy Project (IREP). Environmental Clearance has been obtained for Standalone Pumped Storage component vide order no. J-12011/12/2018-IA.I. (R) Dated: 14-06-2020 and its amendment Transfer/Name change of EC with dated: 13-02-2023. Proposed project is located near Pinnapuram village in Panyam Mandal, Kurnool District, and Andhra Pradesh.

2. DETAILS OF THE PROJECT

The Standalone Pumped Storage Component of Pinnapuram IREP envisages construction of upper and lower reservoir near Pinnapuram village in Panyam Mandal of Kurnool District.

The existing Gorakallu balancing reservoir is under operation with a live storage capacity of 12.44 TMC. The filling of the proposed Pinnapuram Lower reservoir will be taken up from Gorakallu Reservoir.

Proposed Scheme will involve construction of Rock fill embankments of average height of around 12 m to 14 m with maximum of 33 m height in lower reservoir and 35m in upper reservoir for very short reach for creation of Pinnapuram IREP reservoirs. Intake structure and trash rack for Five numbers of independent penstocks and one number of independent Penstock bifurcated into two will be taking off from Power block of Pinnapuram IREP upper reservoir. A surface Powerhouse will be located on the downstream of the power block and shall be equipped with five vertical-axis reversible Franci's type units composed each of a

generator/motor and a pump/turbine having generating / pumping capacity of 200MW / 244MW and two units of 100MW / 130MW respectively.

3. STATUS OF IMPLEMENTATION OF PROJECT

The company has obtained all statutory permissions for initiating the construction works. Hydromechanical works are in progress, and major civil works are about to be completed.

4. COMPLIANCE TO THE CONDITIONS OF ENVIRONMENTAL CLEARANCE

S. No.	EC Conditions	Status of Compliance
	Part-A: Additional Conditions.	
i	Approval from Competent Authority for allocation of 1.2 TMC of water on a non-Consumptive basis from the Gorakallu Reservoir shall be obtained.	We have obtained necessary approvals from State Govt. for the allocation of water from Gorakallu Reservoir vide G.O.MS.No:24 Dated: 19.07.2018 & G.O.MS.No:64 Dated: 02.12.2020.
ii	The Environment Management Plan (EMP) shall be strictly adhered to as submitted in the EIA/EMP report and a sum of Rs. 11839.55 Lakhs, the budgetary provisions for implementation of EMP, shall be fully utilized and not to be diverted to any other purpose in case of revision of the project cost or due to price level change, the cost of EMP shall also be updated proportionately.	Noted. As stipulated, we have earmarked funds for environmental protection measures. Till now, we have spent around Rs. 86,83,46,280.00. As advised during the RO site visit, an audit will be conducted, with the expenditure incurred through a Chartered Accountant (CA) / Company Secretary (CS) and an audit report will be submitted along with the next compliance report.
iii	Investment of Rs. 27.35 Crore under Corporate Environmental Responsibility (CER) shall be strictly utilized for the activities proposed as per the ministry's office memorandum dated 01st May,2018. Activities proposed by the project proponent under CER includes provision to following focus area viz., education (200.00 lakhs) Health care (550.0 lakhs), infrastructure development (Rs. 425.0 lakhs), Skill Development and	Being Complied. Corporate Environment Responsibility (CER) plan for improvement of basic infrastructure amenities and other community development activities is taken up in phases and in progress in the project affected villages. So far a total of Rs. 7.08 Crore is spent towards the community development initiatives. Further activity worth of Rs. 2.05 crores is being planned and

S. No.	EC Conditions	Status of Compliance
	training for improved job opportunities (Rs.1100.00 lakhs), Common interest activity (Rs.150.00 lakhs), Environmental Conservation and protection Awareness (Rs.15.00 lakhs), Sports (Rs.120.00 lakhs), Agriculture and Animal Husbandry (Rs.75.00 Lakhs) and Rainwater Harvesting (Rs.100.00 lakhs). Under CER activities, preference should be given to strengthen the basic amenities in the project affected villages.	under implementation. As advised during the RO site visit, an audit will be conducted, with the expenditure incurred through a Chartered Accountant (CA) / Company Secretary (CS) and an audit report will be submitted along with the next compliance report. Status report of CSER activities is enclosed as Annexure-1 .
iv	The clearance is valid for period of 10 years from the date of issue of this letter for commissioning of the project.	Noted.
v	After 5 years of the commissioning of the project, a study shall be undertaken regarding impact of the project on the environmental and the downstream ecology. The study shall be undertaken by an independent agency, decided in consultation with the Ministry.	As stipulated, post environmental impact studies will be conducted through independence agency.
vi	Solid waste generated, especially plastic waste, etc. should not be disposed of as landfill material. It should be treated with scientific approach and recycled. Use of single-use plastics may be discouraged.	Generated plastic waste is sent to the authorized recycler for the safe disposal. Plastic waste landfilling has been strictly avoided in the site and the use of single-use plastic waste is also prohibited.
vii	Land acquired for the project shall be suitably compensated in accordance with the law of the land with the prevailing guidelines. Private land shall be acquired as per provisions of Right to Fair Compensation and Transparency in Land Acquisition, rehabilitation, and Resettlement Act 2013.	The required project land purchased through Private negotiations is well within the prescribed limits of 5000 acres, as notified by the Govt. of Andhra Pradesh. Hence the provisions of R & R do not apply.
viii	Necessary permission to be obtained for quarrying construction materials for the project as per the EIA Notification, 2006	Not Applicable. Excavated material from various quarries obtained from third parties

S. No.	EC Conditions	Status of Compliance
	and subsequent amendments thereof.	and also the Generated muck in the site are being utilized in the construction of project.
ix	Preference to be given to the local villagers as per the requirements and suitability, in the job/other opportunities in the project, etc.	As specified, 294 employment opportunities are created to the local villagers based on their qualification and eligibility.
x	Measures to be taken to develop skills of the local villagers particularly with respect to the trades related to construction works such as electrician, welders, fitters, etc.	Skill Development training for the local youth was already initiated through the Skill Development Centre at Gani. So far 152 local youth from affected villages are provided training on solar installation and operation trade etc.
xi	All required permission if any should be taken for the proposed Muck Dumping areas. Adequate protection measures should be taken up to avoid any spillage of the muck to the adjoining agricultural fields.	At the construction phase 91% of the excavated muck is being utilized for project construction; once the project is completed, remaining 9% of residual muck will be disposed of in designated storage locations, and a muck management plan will be implemented.
xii	Under CER activities, preference should be given to strengthen the basic amenities in the project affected villages like maintaining drinking water supply, providing health care facilities, etc.	Being Complied. Corporate Environment Responsibility (CER) plan for improvement of basic infrastructure amenities and other community development activities is taken up in phases and in progress in the project affected villages. So far, a total of Rs. 7.08 Crore is spent towards the community development initiatives. Further activity worth of Rs. 2.05 crores are being planned and under implementation. As advised during the RO site visit, an audit will be conducted, with the expenditure incurred through a Chartered Accountant (CA) / Company Secretary (CS) and an

S. No.	EC Conditions	Status of Compliance
		audit report will be submitted along with the next compliance report. Status report of CSER activities is enclosed as Annexure-1 .
xiii	Preference to be given to the local villagers as per the requirements and suitability, in the job/ other opportunities in the project.	As specified, 294 employment opportunities are created to the local villagers based on their qualification and eligibility.
xiv	Measures to be taken to develop skills of the local villagers particularly with respect to the trades related to construction works such as electrician, welder, fitter, etc.	Skill Development training for the local youth was already initiated through the Skill Development Centre at Gani. So far 152 local youth from affected villages are provided training on solar installation and operation trade etc.
xv	Approval of the Central Electricity Authority may be obtained for 1200 MW Pumped Storage Project	Concurrence of CEA Obtained Vide file no. 81/3/2020-HPP&I/850 dated 27.05.2020 and CEA-SY-25-24/2-2020-PAC Division/3371 dated 20.04.2024. (Copy of the same is enclosed as Annexure-2 .)
xvi	Any other clearance from any other organization/departments as applicable to the project shall be obtained.	All necessary clearances are obtained before initiating the construction activities.
Part-B: (Standard EC Conditions for River Valley and Hydroelectric projects)		
(i)	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.	We have obtained Final approval/Stage – II Clearance. (Out of total area of 365.66 ha, i.e., a part approval area of only 46.64 ha of the total forest area and remaining 319.06 ha have been granted) with MOEF&CC letter File No.8-32/2019-FC Dated: 24.05.21 & File No.8-32/2019-FC Dated: 24.05.2022 respectively. (A Copy of the same is enclosed as Annexure-3 .)
(ii)	The project proponent shall obtain clearance from the National Board for Wildlife, if applicable	Not Applicable as there are no wildlife sanctuaries within 10 Km radius. A Copy of the same is enclosed as Annexure-4)
(iii)	The project proponent shall prepare a	Approval of the Biodiversity and

S. No.	EC Conditions	Status of Compliance
	Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan/Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The Implementation report shall be furnished along with the six-monthly compliance report, (in case of the presence of Schedule-I Species in the study area).	Wildlife Conservation & Management Plan for Schedule-I species has been received from CWLW vide: Rc.no. 8531/2021/WL-2 dated 23-02-22 (File No. EFS02-21024/36/2021-WILD LIFE SEC-PCCF), and an amount of Rs 2.34 crores through RTGS on 29.08.2023. A letter will be submitted for the implementation of Site-Specific Conservation Plan & Wildlife Management Plan to local forest department and the status report will be provided along with next compliance report. (Copy of the same is enclosed as Annexure-5.)
(iv)	The project proponent shall obtain Consent to Establish/Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/Committee.	Consent to Establish has been obtained from State Pollution Control Board vide Order letter dated: 07.10.2020 and its name change Transfer Amendment Order dated: 07.07.2023 (Copy of the same is enclosed as Annexure-6)
(v)	NOC shall be obtained from National Commission of Seismic Design Parameters (NCSDP) of CWC.	Site Specific design Earthquake Parameter report for Pinnapuram PSP was prepared by NGRI Hyderabad and was approved by NCSDP of CWC vide letter dated 16.10.2021. (Copy of the same is enclosed as Annexure-7)
(vi)	Necessary approval of CEA shall be obtained for those projects having the project cost more than Rs.1000 crores.	Concurrence of CEA Obtained. (Copy of the same is enclosed as Annexure-2.)
II. Air quality monitoring and preservation		
i.	Regular monitoring of various environmental parameters viz., Water Quality, Ambient Air Quality and Noise	As the project is Pumped Storage project and as mentioned in EIA to conduct Seasonal Monitoring of Air

S. No.	EC Conditions	Status of Compliance
	levels as per the CPCB guidelines at designated locations shall be carried out on monthly basis and a detailed database of the same shall be prepared and recorded. This shall be used as a baseline data for post construction EIA / Monitoring purposes.	quality, Water quality and noise levels is being carried out as per stipulation and copies of the same will be submitted from time to time. (Copy of the same is enclosed as Annexure-8.)
ii.	Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed standards.	Air pollution control measures are followed by water sprinkling for dust suppression and activities like Dust compressors, Barricading with green net are being followed.
iii.	Necessary control measures such as water sprinkling arrangements, etc. be taken up to arrest fugitive dust at all the construction sites.	Necessary control measures like water sprinkling arrangements are taken up to mitigate fugitive dust at all the construction sites. 
III. Water quality monitoring and preservation		
i.	As the reservoir will be acting as balancing reservoir and there would be fluctuation of water level during peaking period, efforts be made to reduce impact on aquatic life including impacts during spawning period both at the upstream and downstream of the project.	Not Applicable, as the project is an Pumped Storage Project and not a run-off river project.
ii.	Water depth sensors shall be installed at suitable locations to monitor e-flow. Hourly data to be collected and converted to discharge data. The Gauge and Discharge data in the form of Excel sheet be submitted to the regional office, MoEF	Not Applicable, as the project is an Pumped Storage Project and not a run-off river project.

S. No.	EC Conditions	Status of Compliance
	& CC and to the CWC on weekly basis.	
	IV. Noise monitoring and prevention	
i	All the equipment likely to generate high noise shall be appropriately enclosed or inbuilt noise enclosures be provided so as to meet the ambient noise standards as notified under the Noise Pollution (Regulation and Control) Rules, 2000, as amended in 2010 under the Environment Protection Act (EPA), 1986.	Being Complied. As stipulated necessary measures are being followed.
ii	The ambient noise levels should conform to the standards prescribed under EPA Rules, 1986 viz. 75 dB(A) during daytime and 70dB(A) during nighttime.	Being Complied. As stipulated necessary measures are being followed.
	V. Waste management	
i	Muck disposal be carried out only in the approved and earmarked sites. The dumping sites shall be located sufficiently away from the HFL of the river. Efforts be made to reuse the muck for construction and other filling purposes and balanced be disposed of at the designated disposal sites. Once the muck disposal sites are inactive, proper treatment measures like both engineering and biological measures be carried out so that sites are stabilized quickly.	Muck is being used for project construction; once the project is completed, any residual muck will be disposed of in designated storage locations, and a muck management plan will be implemented.
ii	Solid waste management should be planned in detail. Land filling of plastic waste shall be avoided and instead be used for various purposes as envisaged in the EIA/EMP reports. Efforts be made to avoid one time use of plastics.	A solid waste management plan has been implemented, including designated collection points and storage facilities. In compliance with stipulations, the landfilling of plastic waste is strictly avoided, and the use of single-use plastics is prohibited.
	VI. Green Belt and wildlife Management	
i	Wildlife Conservation Plan approved by the Chief Wildlife Warden shall be implemented in consultation with the	Approval of the Biodiversity and Wildlife Conservation & Management Plan for Schedule-I species has been

S. No.	EC Conditions	Status of Compliance
	local State Forest Department.	received from CWLW vide: Rc.no. 8531/2021/WL-2 dated 23-02-22 (File No. EFS02-21024/36/2021-WILD LIFE SEC-PCCF), and an amount of Rs 2.34 crores through RTGS on 29.08.2023. A letter will be submitted for the implementation of Site-Specific Conservation Plan & Wildlife Management Plan to local forest department and the status report will be provided along with next compliance report. (Copy of the same is enclosed as Annexure-5.)
ii	To enrich the habitat of the project site, plantation shall be raised as envisaged in the EIA/EMP report. Plantation to be developed along the periphery of the reservoir in multi-layers with local indigenous species in consultation with the local State Forest Department.	We are in the process of developing a plantation as stipulated. The acquisition of plants from various nurseries has been completed, and the plantation work will be carried out once the construction work is finished.
iii	Compensatory afforestation programme shall be implemented as per the plan approved.	Implementation of the afforestation programme shall be undertaken by the State Forest Department. A letter will be submitted for the implementation of Compensatory afforestation programme to local forest department and the status report will be provided along with next compliance report.
VII. Public hearing and Human health issues		
i	Resettlement & Rehabilitation plan be implemented in consultation with the State Govt. as approved by the State Govt, if any.	Area of Land purchased through Private negotiations are well within the prescribed limits which is 5000 acres as notified by the Govt. of Andhra Pradesh. Hence the provisions of R & R do not apply
ii	Budget provisions made for the	Being Complied.

S. No.	EC Conditions	Status of Compliance
	community and social development plan including community welfare schemes shall be implemented in toto.	Status report of CSER activities is enclosed as Annexure-1 .
iii	Preventive measures viz. fuming and spraying of mosquito control shall be done in and around the labour colonies, affected villages, stagnated pools, etc. Provisions be made to not to create any stagnated pools to avoid creation of breeding grounds of the vector borne diseases.	As stipulated, we will implement preventive measures stipulated for mosquito control. Enclosed in Annexure-9 .
iv	Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, creche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.	As per the stipulation, provision has been made for housing of labour and necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care etc, are being provided.
v	Labour force to be engaged for construction works shall be examined thoroughly and adequately treated before issuing them work permit. Medical facilities shall be provided at the construction sites.	Pre-Medical examination will be done before deputing labour force for construction works and First aid facilities with two ambulances are available in the project site.
vi	Early Warning Telemetric system shall be installed in the upper catchment area of the project for advance intimation of flood forecast.	Not Applicable, since the project is an Pumped Storage Project and not a run-off river project.
vii	Emergency preparedness plan be made for any eventuality of the dam failure and shall be implemented as per the Disaster Management Plan	Emergency preparedness response plan prepared and approved by the management. enclosed copy as Annexure-10 .
	VIII. Corporate Environment Responsibility	
i	The Project Proponent shall comply with the provisions contained in this Ministry's OM Vide F.No. 22-06/2017-1 A. III dated	CER is being implemented and status of CSER activities Enclosed as Annexure-1 .

S. No.	EC Conditions	Status of Compliance
	01.05.2018, as applicable regarding Corporate Environmental Responsibility.	
ii	Skill mapping be undertaken for the youths of the affected project area and based on the skill mapping, necessary trainings to the youths be provided for their longtime livelihood generation	Skill Development training for the local youth was already initiated through the Skill Development Centre at Gani. So far 152 local youth from affected villages are provided training on solar installation and operation trade etc.
iii	The Company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements / deviation / violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.	The company has a well-laid-down environmental policy called the Greenko Integrated Management System (GIMS) policy, which covers key aspects of various management systems such as ISO 9001, ISO 45001, ISO 14001, ISO 27001, ISO 50001, SA 8000, IFC PS, IIRC, and GRI. It is duly approved by the board of directors. Enclosed Greenko Policy as Annexure-11
iv	A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.	A separate Environmental Cell has been established at both the project and corporate head quarter level, with team members holding master's degree in environmental engineering. The Site team consists of the following members who report to the Project director and HO environment team: 1. Mr. Sai Teja Thota 2. Mr. Mohith Bhardwaj 3. Mr. Hrisheekesh 4. Mr. Vishnu
v	Action plan for implementing EMP and environmental conditions along with	Noted. As stipulated, we have earmarked funds

S. No.	EC Conditions	Status of Compliance
	responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.	for environmental protection measures. Till now, we have spent around Rs. 86,83,46,280.00. As advised during the RO site visit, an audit will be conducted, with the expenditure incurred through a Chartered Accountant (CA) / Company Secretary (CS) and an audit report will be submitted along with the next compliance report.
vi	Post EIA and SIA be prepared for the project through a third party and evaluation report be submitted to the Ministry after five years of commissioning of the project.	As stipulated, Post EIA and SIA reports shall be prepared by third party after five years of commissioning of the project.
vii	Multi-Disciplinary Committee (MDC) be constituted with experts from Ecology, Forestry, Wildlife, Sociology, Soil Conservation, Fisheries, NGO, etc. to oversee implementation of various environmental safeguards proposed in EIA/EMP report during construction of the project. The monitoring report of the Committee shall be uploaded on the website of the Company.	An interdisciplinary committee comprising internal staff members has been formed, and meetings are held periodically. We are currently in the process of forming an external committee, and the minutes will be updated on the website accordingly.
	IX. Miscellaneous	
i	The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.	Complied. An abstract of the Environmental Clearance was published in two widely circulated daily newspapers: one in the vernacular language, Telugu, in Sakshi on 01.09.2020 (main edition), and one in English, The New Indian Express , on 01.09.2020 (main edition). The same was updated on the company website. A copy of the abstract is enclosed as Annexure-12 .

S. No.	EC Conditions	Status of Compliance																						
ii	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.	Complied, copies of the Environmental clearance letters were submitted to the local bodies and displayed for 30 days. (Copy of the same is enclosed as Annexure-13.)																						
iii	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.	As stipulated, the compliance status of the environmental clearance conditions, including monitored data, is uploaded and updated on a half-yearly basis on the company’s website (https://greenkogroup.com).																						
iv	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the Ministry of Environment, Forest and Climate Change at environment clearance portal.	Compliance reports are submitting to the regional Office of the Ministry every six monthly and last report was submitted on 01.06.2024. <table><tr><td colspan="2">Your (Environment Clearance) application has been Submitted with following details</td></tr><tr><td>Proposal No</td><td>IA/AP/RIV/BS/18/2018</td></tr><tr><td>Compliance ID</td><td>72582452</td></tr><tr><td>Compliance Number(For Tracking)</td><td>EC/M/COMPLIANCE/72582452/2024</td></tr><tr><td>Reporting Year</td><td>2024</td></tr><tr><td>Reporting Period</td><td>01 Jun(01 Oct - 31 Mar)</td></tr><tr><td>Submission Date</td><td>01-06-2024</td></tr><tr><td>ERO Name</td><td>V George Jenner</td></tr><tr><td>ERO Email</td><td>v025@ifs.nic.in</td></tr><tr><td>State</td><td>ANDHRA PRADESH</td></tr><tr><td>ERO Office Address</td><td>Integrated Regional Offices, Vijayawada</td></tr></table> Note: SMS and E-Mail has been sent to V George Jenner, ANDHRA PRADESH with Notification to Project Proponent.
